Contact for application: international.st@univ-orleans.fr
 Contact for accommodation: programsabroad@univ-orleans.fr

Acceptance and accomodation

Once the application checked, the Faculty of Science and Technology will send each student a letter of acceptance (for Visa purposes). The accommodation office will also get back to you with an accommodation offer (if requested during online pre-registration).

To satisfy as much requests as possible, we manage our room allotment on a “first come, first served” basis. We recommend students to be involved in their mobility project, as our student room allotment is not expendable. Thus, our university accommodation is reserved as a priority for students on study mobility. Requests for accommodation for students on internship mobilities will be processed in a second stage.

Cancellation

In case of a mobility cancellation, we kindly ask the home university of the student to inform as soon as possible.

Arrival & Check-in

The University of Orléans opens an International Welcome Center (“Guichet unique”), for the students arriving during the dedicated arrival days (usually between the end of August and middle of September).

If the planned arrival is outside defined period, please inform us at international.st@univ-orleans.fr
