

Science to Business : your Chemistry journey !

Design your own scientific company while
experimenting in our analytical chemistry labs at the
IUT'O

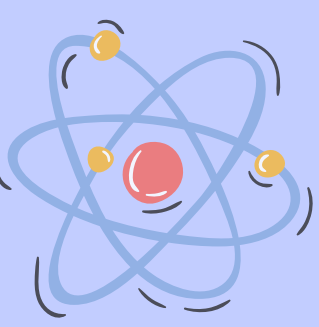

- > Chemistry, Management and Communication
- > Cultural visits & Scientific tour

On-line : May and June

In France : from June 29th to July 3rd 2026

> 5 modules:

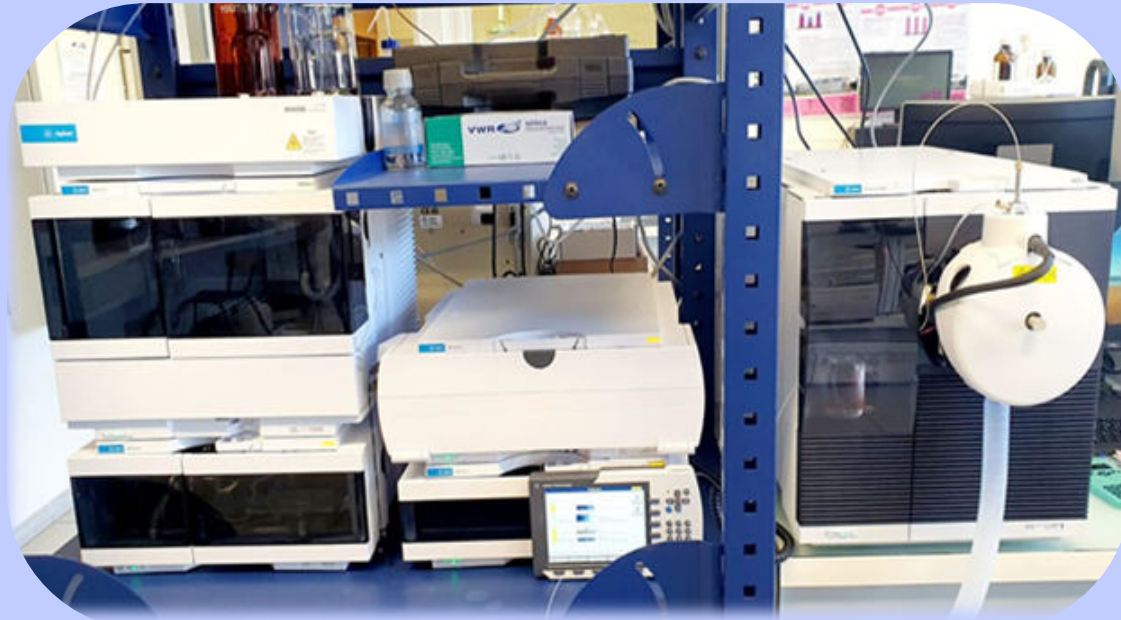

- 1 – Project Initiation
- 2 – Sample analysis with various techniques
- 3 – Certification & Standards
- 4 – Business Creation & Management
- 5 – Commercial Strategy & Communication

Tablet dissolution tester

Gas Chromatography – Mass Spectrometry (GC-MS)

Liquid chromatography (LC-MS)

Ionic Chromatography

Computer science

Marketing and communication

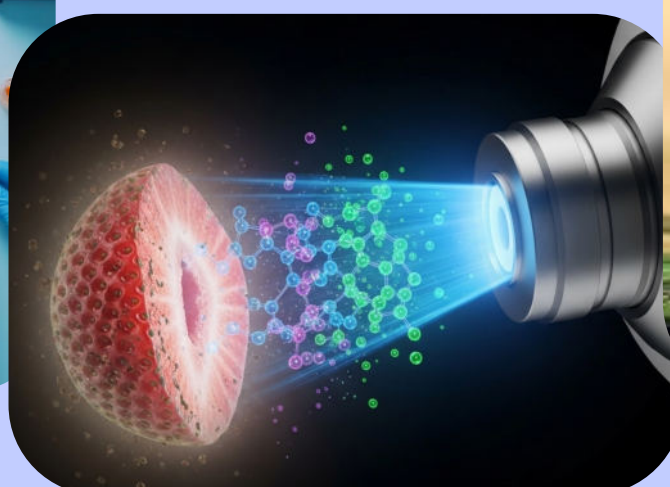

> Applied to:

Cosmetics

Pharmaceuticals

Agri-food industry

Environmental science

Biotechnology
