

Blended Intensive Programme

Science to Business : your Chemistry journey !

Design your own scientific company while
experimenting in the analytical chemistry labs
at the IUT'O

- Chemistry, Management and Communication
- Cultural visits
- Scientific tour

On-line : May and June

In France : from June 29th to July 3rd 2026

Blended Intensive Programme

Dissolution Test

Gas Chromatography - Mass Spectrometry (GC-MS)

Ionic Chromatography

- Module 1 – Project Initiation
- Module 2 – Chemical Analysis of the Product
- Module 3 – Certification & Standards
- Module 4 – Business Creation and Management
- Module 5 – Commercial Strategy & Communication

Liquid chromatography (LC-MS)

Informatic
